

## New Kenworth AG400L Tandem Rear Suspension Now Available For Order

KIRKLAND, Wash. – The new Kenworth AG400L tandem rear suspension for Class 8 vehicles is now available for order.

The disc brake-compatible Kenworth AG400L is a 40,000-lb. rated highway rear suspension system for the Kenworth T660, T800, T2000 and W900 models. The cost-effective, four-bag suspension is especially well-suited for over the road and pickup and delivery applications. The AG400L provides a smooth ride through a proven trailing arm design.

Kenworth's extensive family of proprietary suspensions also includes the Kenworth AG130 front air ride suspension, and the AG210L, AG380, AG400, AG460 and AG690 rear suspensions.
