

## **New Kenworth T470 Brochure Offers Key Specifications for Vocational, Municipal Applications**

KIRKLAND, Wash. – The new Kenworth T470 brochure featuring Kenworth's newest truck model is available from Kenworth dealers in the United States and Canada.

The new Kenworth T470 significantly expands Kenworth's product range in the vocational and municipal markets. The T470 offers Kenworth performance and durability for snowplow, dump, mixer, winch, refuse, and other heavy front-axle vocational and municipal applications. The T470, which is available for order, has a gross vehicle rating (GVW) ranging from a heavy Class 7 vehicle at 33,000 lbs. up to a light Class 8 truck at 68,000 lbs.

The Kenworth T470 features a 9-liter Cummins ISL engine with 345 hp and 1,150 lb-ft of torque, and a range of manual and automatic transmissions. Front axles are rated from 12,000 to 22,000 lbs., single rear axles from 21,000 to 26,000 lbs., and tandem rear axles from 40,000 to 46,000 lbs. The brochure also provides detailed specifications for battery boxes, brakes, bumpers, cab, exhaust options, frame, fuel tanks, hood, interior, starting and charging, suspension, wheels and tires, and special equipment and options.

Kenworth Truck Company is the manufacturer of The World's Best® heavy and medium duty trucks. Kenworth is an industry leader in providing fuel-saving technology solutions that help increase fuel efficiency and reduce emissions. The company's dedication to the green fleet includes aerodynamic trucks, medium duty diesel-electric hybrids, liquefied natural gas trucks, and the Kenworth Clean Power® no-idle system. This year, Kenworth became the first truck manufacturer to receive the Environmental Protection Agency's Clean Air Excellence award in recognition of its environmentally friendly products. In addition, Kenworth is the recipient of the 2008 J.D. Power and Associates awards for Highest in Customer Satisfaction for Over the Road and Vocational Segment Class 8 trucks.
